## PROFILE

A Student of Chemical Engineering at Diponegoro University. I like to explore a lot of new things and i like to exploring skill that i have. I'm little bit interested in the environment, Food and Beverages, Health, social, and education. I love to communicate even though I sometimes hesitate to start. I also have some curiosity at music, dance and self development

## ORGANIZATION EXPERIENCE

### UKM Peduli Sosial Undip | 2022 - Now

- Become one of the members who will carry out 3 work programs with the theme of mental health, physical health, environmental health and reproductive health and contribute to the success of work programs from other divisions

### Temanambiss | 2023

- Become the head of programs with the task of making three main projects in the field of education and one action project in the fields of health, environment, economy and education under the supervision of a division called "Project Management".

## VOLUNTEER/COMMITTEE EXPERIENCE
